   - Scott Clarke (ICT Co-ordinator)
Interactive Whiteboards

- Simon McIntosh (Level 3 Teacher & ICT Guru)

Popularity
- In 2008 the US spent 1 billion dollars on Interactive Whiteboards
- In 2011, one in every seven classrooms in the world will feature an interactive whiteboard

Benefits
- Multiple means of representation – visual, audio, touch
- Enables students to interact with the displayed information
- Taps into the students interest in technology

Activity Examples
- E-chalk
- IBoard

Lilydale West and Interactive Whiteboards
- ???
The Ultranet

- Cathy Blackburn (Yarra Ranges Schools Network Ultranet Coach)

Lilydale West Parent Presentation
Mathletics

Warren Macnee & Kylie Smith (Level 4 Teachers)

Mathletics Site
What are we doing at Lilydale West to provide education in this area?

✓ Acceptable Use Agreement for the Ultranet, Internet and Technology – [document](#)
✓ Classroom lessons on safe and responsible technology and online behaviour
✓ Anti bullying initiatives – i.e. Bullying spot checks
✓ Funding to take part in the Alannah & Madeline Foundation initiative called [eSmart](#)

What can you do?

✓ Attend a community information session
✓ Visit the Lilydale West web site - [link](#)
✓ Visit the Australian Governments Cybersmart [website](#)
✓ Once the eSmart program kicks off, discuss with your child the work they have been doing

You will find these links on the ICT section of the LWPS website.
Thanks for Attending!

A final message to sum up what tonight has been about.
